INSTITUTE OF PETROLEUM

REVIEW

Honorary Editor
D. C. ION, M.A., F.G.S.

Honorary Associate Editor
C. J. O. MOORHOUSE, B.Sc. (Eng.), D.I.C., C.Eng., A.F.R.Ae.S.

Editor
PETER HEPPLE

Assistant Editor
DAVID BUCKMAN

VOLUME TWENTY-ONE

1967

THE INSTITUTE OF PETROLEUM

61 NEW CAVENDISH STREET

LONDON, W.1

CONTENTS

Seventh World Petroleum Congress:
- Introduction ... 1
- Review Papers ... 2
- Origin of Oil, Geology and Geophysics ... 4
- Drilling and Production ... 5
- Refining ... 8
- Petroleum Chemicals ... 9
- Engineering, Transport, and Operations Research ... 12
- Applications and New Uses—1 ... 17
- Applications and New Uses—2 ... 20
- General Problems ... 22
- A Shopping Guide to Mexico City ... 25

U.K. Oil Demand Still Rising ... 26
World Oil Scene ... 27, 49, 77, 109, 137, 179, 217, 259, 295, 329, 369, 389
Courses, Conferences, and Exhibitions ... 30, 48, 82, 108, 158, 196, 215, 273, 294, 338, 373, 394
Scotland Using More Oil ... 30
Plans Announced for Leeds Oil Rail Terminal ... 31
North Sea News ... 32, 55, 80, 115, 142, 185, 225, 265, 301, 334, 374, 394
Steady Increase in N. Ireland Oil Consumption ... 32
The Role of the Drilling Contractor. *By* B. D. McCampbell ... 33
Petroleum in Parliament ... 36, 57, 92, 108, 152, 184, 228, 274, 406
Books and Films ... 37, 65, 81, 124, 162, 205, 227, 274, 304, 344, 380, 386
Careers in the Oil Industry: The Accountant ... 38
Employee Relations ... 64
Librarians and Information Officers ... 126
The Lawyer ... 159
Personal Notes ... 40, 67, 100, 129, 165, 201, 244, 285, 308, 355, 381, 408
The Institute ... 41, 70, 101, 130, 166, 206, 246, 286, 319, 357, 382, 407
Product and Equipment Developments ... 44, 72, 103, 131, 167, 189, 248, 288, 321, 359, 384, 409
Trade and Technical Literature ... 44, 72, 104, 132, 168, 208, 248, 288, 324, 360, 384, 409
Norsmec One ... 45
"Uneconomical reserves can be recovered" ... 56
Correspondence ... 58, 117, 141, 177, 238, 373, 388
An Outsider's View of the Oil Industry. *By* G. Tugendhat ... 59
"Process plant output must be increased" ... 66
World Tanker Figures—Final Quarter ... 68
Company Reports ... 69, 84, 127, 145, 197, 239, 275, 311, 335, 379, 405
"Engineering no longer a second-class occupation" ... 76
World Tanker Launchings Down Again ... 83
Pipe-laying in Cook Inlet ... 83
The Strange Case of the Russian Oil Expert. *By* Owen Colverd ... 88
U.K. Oil Imports Reach Quarter Million tons/day for First Time ... 93
Arpal-Mark III ... 99
Oil Across Libya ... 105
U.K. Oil Consumption Sets New Record ... 115
New Drilling Technique for Lost-circulation areas ... 116
Sinking a 6-ft Shaft ... 118
The Challenge of Atomic Energy. *By* P. J. Searby ... 119
Preventing Explosions in Oil Tankers ... 125
Oil for Man's Welfare ... 133
"Free world energy demand will double by 1980" ... 136
Gulf's Bantry Bay Terminal Site Dedicated ... 143
115,000-ton *Narica* Launched for Shell ... 144
New Fire-fighting and Rescue Launch ... 149
Shell's Advanced Railcar Filling System ... 150
Forecasting Eastern Hemisphere Gasoline Demand. *By* Leslie E. Grayson ... 153
Esso Launch Marine Research and Training Centre ... 161
World Tanker Figures—First Quarter ... 163
Heathfield—gas bonanza that never was. *By* David Buckman ... 169
"4*d*/therm for Seagas is Fair" ... 178
Scotland's Oil Consumption up 16·2 per cent ... 187

CONTENTS (continued)

Cameron's $10 million Livingston Complex ... 188
Shell Fix Drilling Platform ... 190
Oil by Rail. *By* R. Lewis ... 191
Newman Hender open Research and Development Unit ... 195
Shell Art with ICA ... 196
Northern Ireland's Oil Demand Rising ... 202
London International Engineering and Marine Exhibition ... 203
Offshore Search Gains Pace Down Under. *By* David Buckman ... 209
PITB Holds its First Meeting ... 216
Shell Data Reveal Nigeria's Growing Importance ... 226
Autoflow Boom for Supertankers ... 228
The Oil Industry in Japan. *By* W. H. Henderson ... 229
Amoseas Launch On-the-job Training Programme ... 237
Fuel Cells—The Way Ahead ... 238
Refinery Computer Adjusts to Feedstock and Price Changes ... 245
North Sea Operating Problems ... 249
U.K. Oil Consumption Still Increasing ... 266
Dutch Yard Builds Russian Rig ... 267
The *Review* Interviews: Mr Industrial Archeology ... 268
N. Ireland Oil Demand Up ... 271
Britannic House Opened ... 272
Scotland Using More Oil ... 277
World Oil in 1965 ... 278
The Economics of Large Tankers. *By* W. H. Ashford ... 289
Plastic Pipes for Chemical Processing ... 294
Gunclean ... 302
Computer Control for Engine Test Centre ... 302
Mobil's Peruvian Drilling ... 303
The Role of the Independent Laboratory ... 306
Fluor (England) Mark Up 10 Years ... 310
Regent Open Southwick Depot ... 315
Borg Warner's Torque Topper ... 316
World Tanker Figures—Second Quarter ... 317
British Supertankers for Shell ... 325
U.K. Oil Consumption Increases ... 333
What's in the Pipeline? *By* E. C. Masterson ... 339
Shell Group Statistics ... 345
Gulf's Offshore Cabinda Field ... 346
Acetylene from Hydrocarbons. *By* J. A. Tebboth ... 347
Scotland Uses More Oil ... 354
N. Ireland's Oil Consumption—Sharp Increase ... 356
Automation and the Oil Industry. *By* B. A. Colliss ... 361
"Process industries investment will stay high" ... 368
Bigger Road Tankers from Gloster Saro ... 375
Gothenburg Refinery Opened ... 376
"Middle East Crises points the need for indigenous supplies" ... 377
World Tanker Fleet Grew 10 per cent Last Year ... 378
Regent Westminster Launched ... 385
The White Paper on Fuel ... 387
Taranto Refinery Opened ... 395
Special Tug will Fight Supertanker Fires ... 396
Heritage and Challenge of the Petroleum Geologist. *By* Michel T. Halbouty ... 397
"NLOGF will be a strong and representative voice" ... 402
World Tanker Figures—Third Quarter ... 403
